

LIGHT THROUGH THE DARK

Winter Gathering

Winter Gathering
**Sunday 1st December
2024**

10.30am - 5.30pm Columcille Centre

www.BiodanzaEdinburgh.com

Welcome to this Winter Gathering of open hearts and community warmth

You are invited to share a day of meeting, dancing, nourishing and shared caring, as we begin our journey through the winter days and nights on our celestial path of life

We will dance to keep our inner light alive and allow a deepening rest as the earth turns us through our time of surrender

Deep rest brings deeper replenishment and a gathering of gifts from our inner revelations. Our aim is to be fully connected with the innate goodness of life and the source of creation
